

Grandma holds our hearts craft

For this craft, you'll need:

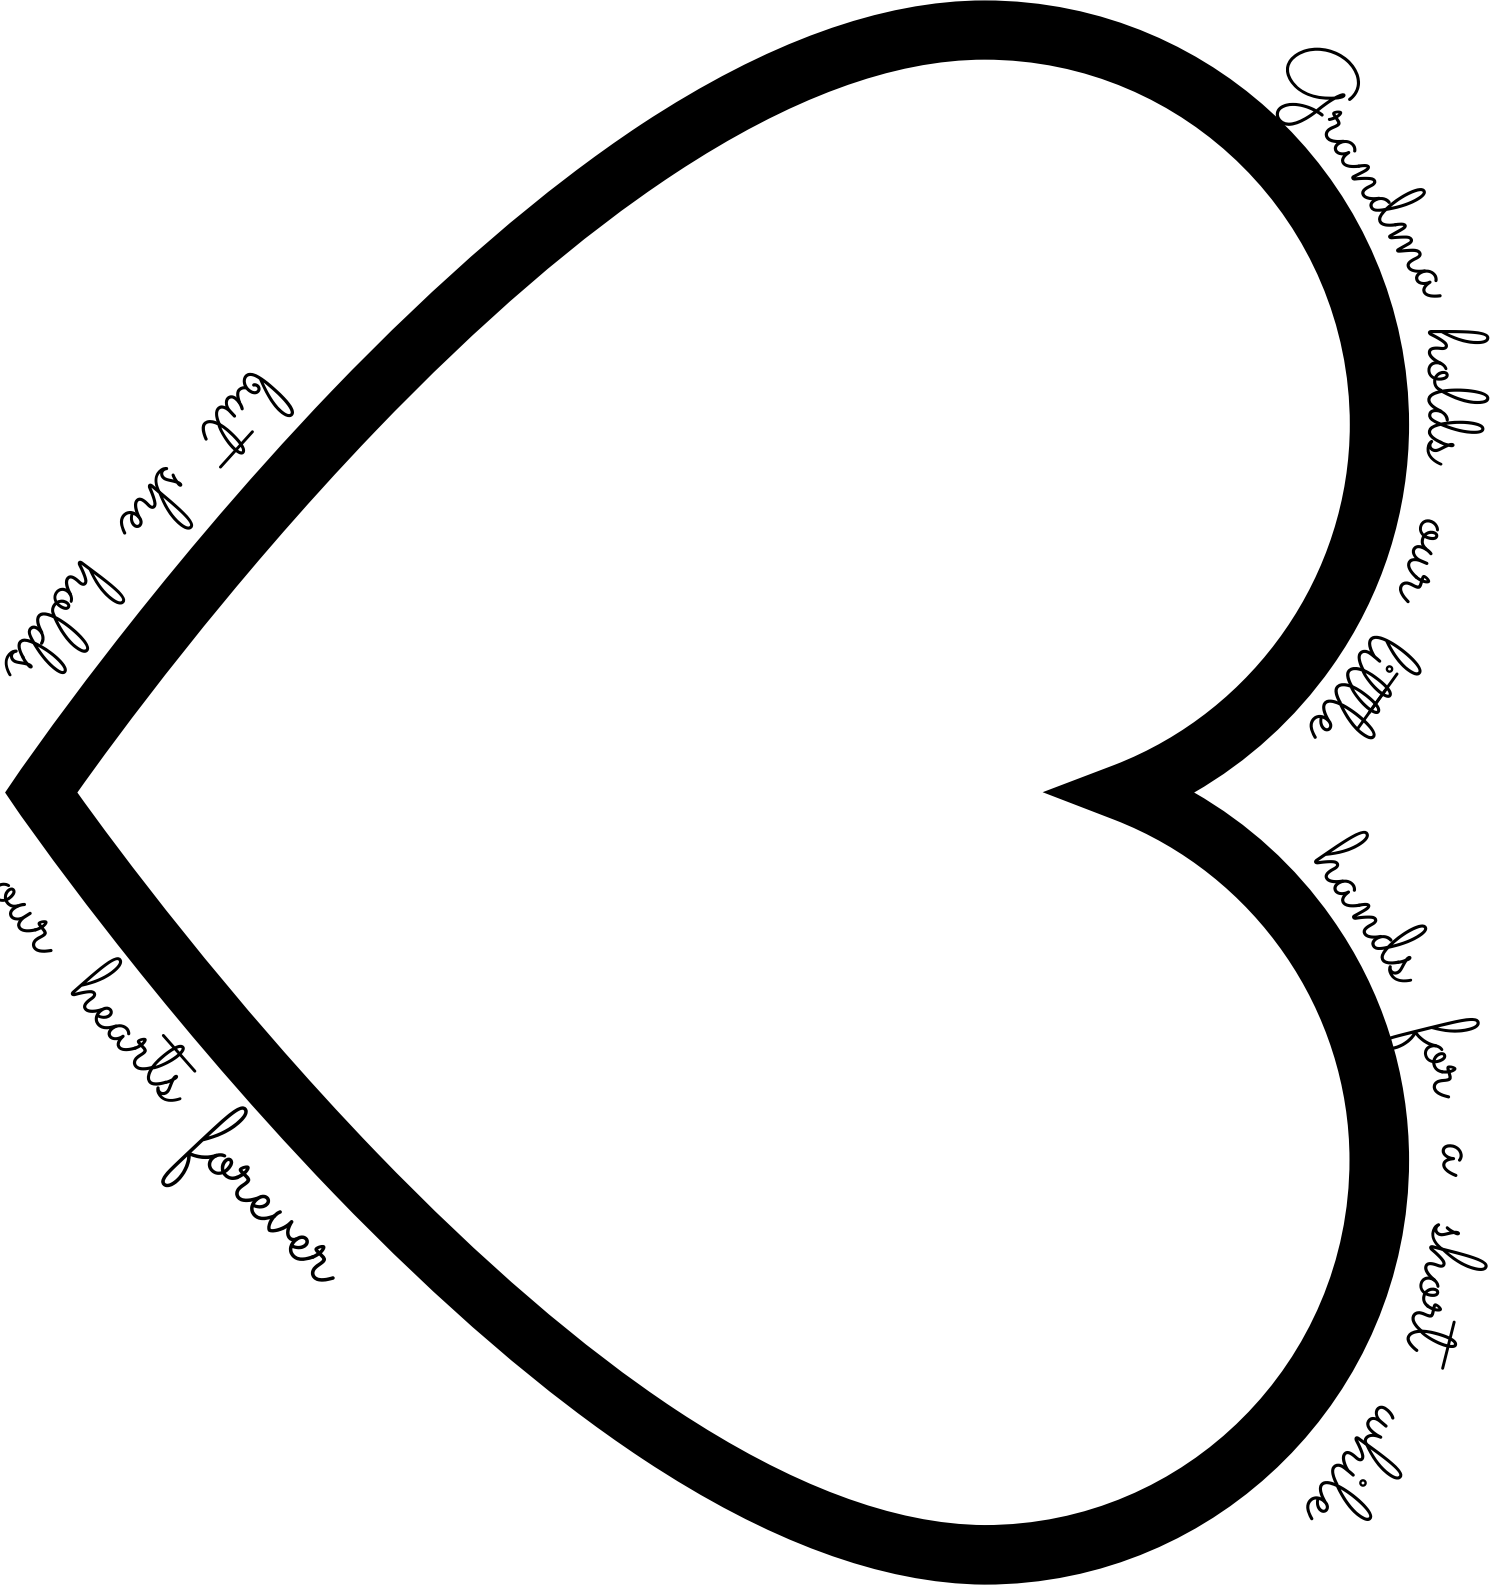

- Paint (one color for each set of hands)
- Little hands!
- Scissors
- Frame (optional)

Instructions:

1. Print craft sheets and prepare paint. I found it helpful to put the paint on a paper plate where the kids could spread their hands out.
2. Have your kids put their hand prints into the blank heart with no writing around it. It's okay if the paint gets outside of the lines of the heart - you will cut this out anyway. Allow the paint to dry and then cut out the heart.
3. Glue the handprint heart onto the heart with the writing.
4. Frame and present to grandma on Mother's Day!

Mommy of Mayhem

Grandma holds our little

hands for a short while

but she holds

our hearts forever
